Grounding Materials & Lightning Protection

This online system is for **PRODUCT INQUIRIES ONLY**. Please make an inquiry here or call **866.CORRPRO (866.267.7776)** for more information or to place an order.

[Dairyland Grounding Products](#)

Innovative solid-state products for isolation, grounding, and protection.

[ERICO® Cadweld Electrical Grounding & Bonding](#)

ERICO[®] was the first to develop the exothermic welded electrical connections that do not loosen, corrode or increase in resistance.

[Kirk® Grounding Cells](#)

Kirk[®] Grounding Cells are used to control hazardous voltages that would otherwise adversely affect structures such as buried pipelines.

[McMiller Surgistor Series Surge Protection System](#)

The Surgistor Series of surge protectors are designed for use on AC or DC systems.

[Thompson Lighting Protection Flangeguard](#)

Flangeguard protects insulated pipe flanges against arc-overs and gasket destruction.
